WCB staff and management wish all our suppliers and their families a very happy and safe Christmas

QUALITY MATTERS

By Anne Prince, Farm QA Manager

I would like to take this opportunity to wish all our suppliers a safe and happy Christmas.

Field Officers are currently distributing diaries for next year, along with the Christmas hampers. In the A4 diary there have been no changes to the general format of the record sheets and the coloured sheets at the start of each month. However, each record section now has a title page that is wider and thicker than the other record pages. These act as tabs for your convenience in finding the different sections.

In the pocket-sized diaries, the format of the calving records has changed. These now run parallel with the spine. Please take time to familiarise yourself with changes to the diaries. If you complete the record sheets provided by WCB, you will meet all legislative requirements for keeping records that are checked during both state dairy authority and LPA audits.

If you know your audit is due in the next few months and you have holiday plans at that time, please contact me and I can help make alternative arrangements. I can be contacted on 0447 467 303.
